

# 2015 Summer CAMPS!

Choose up to two of our exciting camps!

## Say Cheese

Explore digital photography during scavenger hunts, by taking portraits and on a field trip to the zoo. Learn how to set up a good photo, plus professional photography tricks and the basics of Photoshop. Then, use your photos to create fun projects like calendars and buttons. Use one of our cameras or bring your own.

## CSI: Grand Rapids

Investigate mock crime scenes, learn defensive tactics such as handcuffing and performing searches, conquer obstacle courses and work as a team just like actual law enforcement officials. Your teachers for this exciting week? Real police officers and investigators.

## Make It, Take It! Graphic Art to Go

Creative people wanted! Design and print your own creations on T-shirts, trading cards, buttons and more. You'll run the printing equipment and even screen print your own shirts.

## Tech Academy

Do you love video games and computers? Then this camp is for you! You'll build a computer, set up a network and create your own video game you can actually play!

## Cars, Trucks, Diesels and How They Work

Explore what it's like to work on automobiles and heavy equipment. Work with real tools to rotate tires, remove and re-install spark plugs and perform a compression test. You'll also use paint guns and see how engines run.

## Sweet Genius

Welcome to the wonderful world of baking! Become an expert at making bread, candies, doughnuts and other fried treats, cakes and cupcakes. After this class you could be the next Food Network star.

## Yummm

Future chefs, this camp is for you! Work in a real restaurant, just like the pros. You'll learn cooking terms, how to work as a team to run a smooth kitchen, how to put together a menu and how to prepare fabulous gourmet meals you can cook for your family at home.

**Register today - space is limited!**

Download the registration form at –
