The KCTC Criminal Justice Program is designed to train and expose students to all facets of the Criminal Justice system including careers in Law Enforcement, Corrections, Courts, Armed Services and careers in Security. The instructors may use training videos, guest presenters, still photos, streaming videos and live scenarios to supplement and reinforce applied learning.

To this end the content of the Criminal Justice training supplements may at times be graphic in nature, contain profanity and display disturbing images or scenes. The instructors are sensitive to the emotional needs of the class and will offer students the opportunity to redirect their learning outside the classroom during any presentations that contain unpleasant material.

Only content that enhances the quality of learning and understandings are utilized as teaching tools. Materials are not used to shock or entertain students. The fields of Criminal Justice are very demanding and they sometimes expose professionals to unpleasant situations that involve violence, criminal and deviant behavior. Students must understand this element of the Criminal Justice field if they choose to continue with this career path.

Thank you for taking the time to review this waiver. By signing below you have given consent to allow your son/daughter to participate in training that may expose them to graphic, violent or disturbing material. Please feel free to contact us at kellybowers@kentisd.org, greggisenhoff@kentisd.org & patricksidge@kentisd.org.

Sincerely,

CJ Instructors
Kelly Bowers, Patrick Sidge & Gregg Isenhoff
